AECOM AECOM	Columbus Columbus	Jeanette Mathew	Dean Grant	(857) 212-6504	jeanette.dean@aecom.com mathew.grant@aecom.com	AECOM is a full-service AE with significant experience in a wide range of healthcare building types. Specific to preparations for the COVID19 pandemic, we have expertise in deploying temporary testing and triage facilities (think tents), renovating existing buildings for quarantine housing, rapid renovation of existing facilities to increase capacity, rollout/standup of call centers (both real and wirtual) and modifications of existing justice facilities (alials and prisons). With our internal project and construction managements groups we can offer turnke solutions. In addition to our AE services, AECOM can also offer continuity of operations planning, crisis communications, staff augmentation, transportation planning, hazardous materials removal and remediation and logistics and procurement support.
AECOM	Columbus	Greg	Mare		greg.mare@aecom.com	
AECOM Services of Ohio, Inc.	Cleveland	Brian	Mihalcin	(216) 622-2300	brian.mihalcin@aecom.com	AECOM is a full-service AE with significant experience in a wide range of healthcare building types. Specific to preparations for the COVID19 pandemic, we have expertise in deploying temporary testing and triage facilities (think tents), renovating existing buildings for quarantine housing, rapid renovation of existing facilities to increase capacity, rollout/standup of call centers (both real and virtual) and modifications of existing justice facilities (plais and prisons). Andrews Architects	Columbus	Shital	Galani		s.galani@andrewsarchitects.com	
Andrews Architects	Columbus	Beth	Klapp	(614) 403-2651	b.klapp@andrewsarchitects.com	We have two certified healthcare architects (ACHA) on staff. We also design skilled nursing, memory care, and assisted living as well as our wide range of medical projects, including ambulatory surgery centers, inpatient care, orthopedic care, pharmacy, and cancer treatment to name a few.
App Architecture	AIA Dayton	Marianne	Weber	(937) 836-8898	marianne.weber@app-arch.com	We work extensively with hospitals designing all aspects of their operations and have been doing so for over 37 years. Deep knowledge of NFPA 101 Life Safety Code, ICRA related assessments and ILSM requirements related to hospital operations.
Armour Applied Science, LLC		Scott	Armour	(216) 225-5237	scottarmour@att.net	Industrial Hygiene, Health Science, Exposure monitoring, Risk assessment (of the potential COVID-19 hazard), mitigation strategies, Standards and Recommendations for cleaning, mitigating, and disinfecting, safety, personal protection against COVID for services with potential risk. Including also managing and sustaining a service business with potential COVID risks.more
Array Architects	Columbus	Jonathan	Wilch	(614) 264-9253	jwilch@array-architects.com	Array Architects, Array Advisors, and Array Analytics are 100% focused on healthcare design and consulting, and have committed recent resources to developing specialty tools and healthcare design expertise for use to our national healthcare providers in support of resolving the COVID-19 Pandemic. We are working with state emergency preparedness agencies in Maryland and New York, as well as several national healthcare systems to develop preparedness planning specific to these organizations. We will be able to provide healthcare expertise and learnings from hospitals and systems in areas of our country that are amongst the first to be hit hard by this virus, and can bring our experiences and information to help as the virus expands across the country.
BARDWELL+associates, LLC	Columbus	Peter	Bardwell	(614) 562-3061	pbardwell@bardwellassociates.com	The AIA Columbus Healthcare Committee has a list of several dozen healthcare architects — and the committee will meet by Zoom on Friday morning if there is a specific request that needs to be communicated to those participating.

JOHN W. ROGERS, ARCHITECT	AlA Cincinnati	John	Rogers, FAIA, FACHA	(513) 535-7566	jwrogers1955@hotmail.com	I am a nationally certified healthcare planner by the American College of Healthcare Architects and have worked on many healthcare projects over the last 35 years around the world, but most within the Ohio region. I have spent over 30 of those years dealing with pediatric health projects. I was director of healthcare at GBBN Architects for more than 25 years, I was also the Corporate Architect at Cincinnati Children's Hospital Medical Center for 30 years.  Safety of patients, families, and staff is #1 priority in all healthcare work and infection control is a very close 2nd priority especially in pediatric health environments and any facility providing care for infectious patients requiring solation. This impacts not only the planning and design of buildings but also must work in close concert with all engineering efforts including structural, MEP and all infrastructure design.
Karpinski Engineering	Engineering - Cleveland, Columbus, Akron-Canton	Brian	David	(216) 308-0867	bdavid@karpinskieng.com	Please contact me and I will put you in touch with our team of electrical, mechanical/HVAC, plumbing, fire protection, commissioning/energy, and/or civil engineers.

SMITH   GreenHealth Consulting, LLC	Ohio Chapter ASLA and member of AIA Columbus COTE	Jerry	Smith	(614) 266-6685	jsmith@smithgreenhealth.com	I am a Fellow in the American Society of Landscape Architects with 30 years experience on healthcare design teams. I was on the Steering Committee of the Green Guide for Health Care, now LEED-HC, and served on the Core Committee of the Sustainable Sites Initiative, co-chairing the Human Health and Well-being Subcommittee SITES.  I am not sure how I can support this immediate effort but I offer any assistance that may be of help. I would lik to further offer any assistance in developing resiliency measures in anticipation of the need for similar response in the future.

						The Architectural Group, Incorporated (TAG) is a Dayton-based architectural design firm that is dedicated to achieving planning, design and project administration excellence. Our expertise includes institutional healthcare, governmental, commercial and corporate, religious, educational design and historic renovation.  We been working with various healthcare providers throughout Southwestern Ohio since 1990. Our team of
The Architectural Group Inc.	AIA Dayton	Norman	Butt	(937) 223-2500	buttn@taguit.com	we open working with various neutricale providers introgenous soutinesseem unto since 1990. Our team or architects, interior designers, planners, and project administrators help healthcare institutions to navigate complex requirements to achieve flexible and sustainable care environments through design that balances aesthetics with functional performance.
						Our approach is very client centered and we are very proud of the fact that the majority of our business comes from repeat clients. Our designs rely heavily on our ability to listen to each client, develop a strong understanding of their specific needs, priorities, staffing, and operational procedures. Through a collaborative design approach we work very closely with our client to develop options that best resolve their needs, carefully balancing the cost and the aesthetic without sacrificing function.
