In partnering with various construction industry interests, the Ohio Facility Construction Commission's Mission stresses collaboration. (Cont'd p. 3).

Legislative: New Leadership (Cont'd)

The House majority Republicans chose Matt Huffman (R, Lima) as Speaker. Being newly-elected after retiring as Senate President, Huffman could serve 8 years, or 4 General Assemblies through 2032.

The House minority Democrats returned Representative Allison Russo (D, Upper Arlington) as Minority Leader, who is term limited after this biennial session.

Senate Republicans elected Senator Robert McColley (R, Napoleon) as Senate President, while Democrats returned Senator Nicki Antonio (D, Lakewood) as Minority Leader.

Legislators are paid a base salary of \$72,000.00, while the Speaker and Senate President are paid \$112,766.00 annually.

While the House will hold its first session on January 22nd, the Senate will not meet until February 12th.

Legislators have been assigned to committees in both chambers, with Republicans appointed as chairs of all. Uniquely, Senator Kristine Roegner (R, Hudson) was appointed Chair of both the General Government Committee and Higher Education Committee, and also will serve as Vice Chair of Senate Ways and Means (taxation).

Legislative: Expedited Building Appeal Bill Stalls (Cont'd)

Introduced in January, 2023, the legislation originally proposed expedited appeals of building code department decisions, with a hearing in five days. The bill passed the Ohio Senate with a unanimous vote on March 29, 2023.

With unanimous passage in both chambers, the House created a “Christmas tree” by adding the language of four bills not seen as moving, covering changes to the law relating to real property, securities, public utilities, employment, energy efficiency, broadband, and taxation, and to name a portion of the act the Pay Stub Protection Act.

With House amendments, the bill required Senate consent to the amendments. But the Senate adjourned before taking such action. Accordingly, after two years and unanimous approval, the legislation expired.

With Senator Roegner returning to the Senate, she re-introduced the legislation as Senate Bill 6.

Administrative: Governor’s Election (Cont’d)

Lieutenant Governor Jon Husted was expected to lead the Republican candidates for Governor. However, with a crowded field, Husted accepted Governor DeWine’s appointment to the U.S. Senate seat vacated by J.D. Vance, now Vice President.

Current Attorney General Dave Yost (R, Delaware) announced his candidacy for Governor on January 23, 2025. Previously elected Delaware County Auditor and Prosecutor, State Auditor in 2010, and Attorney General in 2018, the 68-year-old last reported campaign funds of \$1.5 million.

Current Treasurer Robert Sprague (R, Findlay) served as City Auditor and Treasurer, State Representative, and elected in 2018 to statewide office. A graduate of Duke University, the 52-year-old last reported campaign funds of \$2.2 million.

Vivek Ramaswamy left the White House-appointed role in the “Department of Government Efficiency” to run for Ohio Governor, expecting the support of the new President. The 40-year-old biotech entrepreneur was born in Cincinnati, and lives in Upper Arlington.

Heather Brazell-Hill graduated Ohio University and in 2004 was elected to the Morgan Local School Board. She announced her bid for Governor as a Republican.

Mainline Democrat candidates have yet to announce. Dr. Amy Acton, 58-year-old former Health Department Director during COVID, filed to run, but with no statewide elective office campaign experience.

Legislative: Public Works Commission Ballot Initiative (Cont’d)

Voters will decide to renew the funding at a Special Election to be held May 6, 2025.

Sponsored by Representatives Scott Oelslager (R, N. Canton) and Dan Troy (D, Willowick), only Senator Niraj Antani (R, Miamisburg) voting against it in the Senate. Antani announced a run as Republican candidate for Secretary of State.

A companion bill in the Senate similarly passed earlier, Senate Joint Resolution 4, paving the way.

Funding will be used for the State Capital Improvement Program, for roads, bridges, wastewater treatment systems, water supply systems, solid waste disposal facilities, storm water and sanitary collection and treatment facilities.

Local projects are selected by the

bipartisan district public works integrating committees, from applications by local governments.

The ballot language will read, “to enact Section 2t of Article VIII of the Constitution of the State of Ohio to permit the issuance of additional general obligation bonds to fund public infrastructure capital improvements.”

Administrative: OFCC Collaboration

Its Mission Statement reads, “To lead collaboration with our partners in the planning, design, and construction of public facilities through quality service, expertise and knowledge sharing.”

On Thursday, January 23, 2025, the OFCC Chief of Projects addressed the Ohio Chapter, American Society of Landscape Architects at their annual Statehouse Day. Craig A. Weise emphasized OFCC’s commitment to collaboration with industry representatives.
